

MANAGEMENT POLICY OF CMPDIL

With a mission of providing consultancy in coal and mineral exploration, mine planning, design and allied engineering, CMPDIL, as a premier consultant, strives to be the market leader in the expanding earth resource sector and allied professional activities.

We are committed to:

- 1. Provide total quality in our rendered service through continual improvement in our system, technical excellence and internal efficiency, with the provision of all required resources and suitable work environment;**
- 2. Ensure that the management objectives are framed for relevant functions, levels and processes considering the quality and information security issues;**
- 3. Maintain our business continuity by protecting all our information assets from all threats and interruptions, whether internal or external, intentional, unintentional or accidental;**
- 4. Ensure that all employees are aware of the requirements of this integrated management system and are conscious about their relevant roles and responsibilities;**
- 5. Ensure that the management system is implemented in view of the frameworks of related business, strategic and information security risks with the intention of enhancing customer satisfaction;**
- 6. Ensure that all applicable requirements are fulfilled.**
